

Ideal for:

- ✚ Easy, low-cost assembly
- ✚ Temporary use (agriculture, building trade, infrastructure (Construction Industry), Forestry , Rubbish for landfill sites, Quarries, etc.)
- ✚ Also, of course suitable for continuous implementation
- ✚ Also available without steel ramps.
- ✚ Modular flush-mounted steel weighbridge with Compression load cells
- ✚ May be easily transported and relocated due to modular design.

Options:

- ✚ Side guides as toppling protection, secured to the weighbridge
- ✚ Centre cover plates on the bridge

Sizes and capacity:

Platform Size	Capacity	Number of Modules	Number of Load cells
6 x 3 m	40 / 50 Ton	1	4
12 x 3 m	60 Ton	2	6
15 x 3 m	60 Ton	3	8
16 x 3 m	80 Ton	3	8
18 x 3 m	80 Ton	3	8
20 x 3 m	100 Ton	4	10
24 x 3 m	100 Ton	4	10
